

Vetro Academy | Technician Course Overview

Course Description

This course consists of classroom learning and practical exercise.

Classroom Learning

You will learn the different types of gel and their structures, UV and LED lamps, customer service, trouble shooting, as well as Vetro product knowledge.

Practical Exercise

You will practice Vetro gel polish line and No.19 line's correct applications and removal. Fun part is learning 8 different nail techniques and nail art designs using them! You will get all gel colors and tools to create the designs in your student kit!

Vetro Academy | Technician Course Overview

Registration

All available open registrations are available at <http://files.vetro-us.com/Academy-Store.html>

Course Cost

\$850

Payment

You have two payment methods to select from FULL and INSTALLMENT. You will be successfully registered for your course upon completion of a FULL or final INSTALLMENT payment.

Installment Payment

Installment payments include a 50% initial and final 50% payment due within 30 days.

Waiting List

Vetro USA will accept members on a waiting list for any course once all slots have been filled. If a student cancels their registration or does not complete a second installment payment waiting list members will be contacted in the order in which they were received and will be registered upon a FULL payment. Installment payments are not available for waiting list members and the FULL payment must be made within 24 hours of being notified to successfully register. This will also be based on a first come, first serve basis.

Course Updates

Course updates will be emailed to registered members when new details become available. You will receive the course venue and location. If you have any further questions or need assistance with finding a room for your event please email tom@vetro-us.com.

Certificate

You will receive a Vetro certificate upon successful completion of your course.
